

2016 WORLD VETERAN TABLE TENNIS CHAMPIONSHIP

ENJOY TABLE TENNIS!

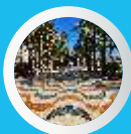

ALICANTE | ELCHE

WELCOME TO COSTA BLANCA, HEART OF THE MEDITERRANEAN

AND MANY OTHER PLEASURES!

wvc2016.com | 23rd to 29th May 2016

Miguel Ángel Machado

President of the
Royal Spanish Table Tennis
Federation

It's with great pleasure that I would like to invite all of you to come to the 18 World Veteran Championships to be held in Spain in 2016. The cities of **Alicante and Elche**, in the **Costa Blanca**, heart of the Mediterranean, will welcome all of you from 23rd to 29th May 2016 to an unforgettable experience. Our goal is to join the excellent infrastructure that the touristic region of la **Comunitat Valenciana** has with the **Mediterranean style of life**, to link our sport practiced at the top level to this Region with the top touristic level. I am convinced that you will find an excellent table tennis venue and, at the same time, you can also experience the excellent possibilities for tourism during your free time. It is a big opportunity to discover this beautiful Region and, at the same time, practice our sport in excellent conditions.

Organization

The Royal Spanish Table Tennis Federation is very proud to organize a World Championships for Veterans for the first time in its history: a big challenge because it is a big event and our wish is to organize the biggest world table tennis event ever.

The playing facility, **the IFA Exhibition Centre**, is placed very close to the airport and to the city centres of Alicante and Elche, both cities with excellent accommodation and all kind of services. IFA is a huge and modern venue that allows us to organize a very compact event, all very close to you: the airport, the venue, the hotels and a great touristic offer. We are confident that we have all the requirements to deliver a perfect frame for this great event.

Spain has organized in the past two **European Youth Championships**, one **Junior World Championships**, several **Iberoamerican Championships**, and is **organising, in a yearly basis the International Spanish Youth Open** in Platja d'Aro and **the International Spanish Open in Almería** as regular events on the ITTF Junior Circuit and the ITTF World Tour. We have an experienced team organising international table tennis events. It is now the time for this team to apply all its know-how to the service of a **World Veterans event**. I am convinced that together with our partners, the **cities of Alicante and Elche**, the **province of Alicante**, the Region, **la Comunitat Valenciana**, and the **Spanish Government**, and also counting with the big

support of our private sponsors, all together will be able to organise a great event in a fantastic surroundings. I am happy to inform you that the most prestigious company offering accommodation and transport services for sports events in Spain, **Viajes El Corte Inglés**, has already join our team as official partner.

I would like finally, from the bottom of my heart, to express my deep gratitude to the **Swaythling Club International**, led by **Mr. Eberhard** and **Mrs. Diane Schöler** and the **World Veteran Championships Committee**, chaired by **Mr. Hans Westling** for giving us the opportunity to organise the 2016 World Veteran Table Tennis Championships.

In May 2016, please try to visit us. Please come to Spain, to the Costa Blanca, visit the cities of **Alicante and Elche** and enjoy this Region together with your table tennis skills. Be part of this unforgettable experience!

You are more than welcome!

ALICANTE, MEDITERRANEAN ESSENCE

Alicante is pure Mediterranean. Located on the east coast of Spain is one of the country's largest cities, perfect to enjoy with all five senses. Open to all visitors and with an enviable climate, it boasts a host of sights waiting to be discovered.

Here you'll find some of the best beaches and bays honoured with the highest number of Blue Flags nationwide, along with a historical heritage left by the various civilisations that occupied this land, the highlight of which is the Santa Barbara Castle overlooking the entire city.

The city is full of stunning historic buildings, such as the Town Hall, the Central Market, the Casa Carbonell, the Cathedral of San Nicolás, the Basilica of Santa Maria, the Monastery of Santa Faz and the Hermitage of Santa Cruz.

It is also dotted with parks and gardens, the most famous and tourist-friendly of which must be the Paseo de la

Explanada, where locals and visitors alike stroll every day under the shade of its palm trees and on its attractive tiled paving.

Culture has a place in Alicante with numerous museums and cultural centres covering an array of themes. The Archaeological Museum (MARQ), awarded European Museum of the Year, the Contemporary Art Museum (MACA), the Gravina Museum of Fine Arts (MUBAG), the Alicante City Museum (MUSA), the Bonfire Museum (Museo de Hogueras), the Nativity Museum (Museo de Belenes), the Water Museum and Garrigos Well (Museo de Aguas y Pozos de Garrigos), or the newly-opened Volvo Ocean Race Museum, are prime examples of the importance of culture here.

Special mention should also be given to the small, quirky and stunning Tabarca Island, a magical place where the Mediterranean takes on all its seafaring essence and which features the first marine reserve ever created in Spain.

ELCHE, WORLD HERITAGE SITE

Visiting Elche means enjoying one of the few cities in the world that has three assets declared World Heritage by UNESCO: The Palm Grove, The Mystery Play and the Pusol School Museum.

All stem from the different cultures that over the centuries have passed through this Mediterranean settlement and the care with which the people of Elche have managed to keep alive such a generous legacy that survives in every corner of the city, giving it a unique cultural hallmark.

The Palm Grove, with over 200,000 palm trees, forms a one-off landscape in Europe and is a prime example of integrating nature conservation into a city.

The Mystery Play of Elche (Misteri d'Elx) received the UNESCO distinction as Oral and Intangible Heritage. This liturgical drama dates back to the thirteenth century

and has been enacted uninterruptedly since then thanks to the efforts of an entire city that has kept alive this cultural tradition.

The Pusol School Museum (Museo Escolar de Pusol) was born as an educational project and today has become a piece of history in the Elche countryside, with its traditions, crafts and customs being brought to our times for new citizens to discover their roots. Thanks to the effort expended over several generations, this museum was declared a World Heritage Site.

In addition to its rich heritage, Elche stands out as a modern and dynamic city with a major shoe industry famous across the world for its high quality footwear and design. A city of services, trade-oriented and always willing to show all its charm to visitors, who are welcomed as if they were in their hometown.

ALICANTE AND ELCHE, TWO CITIES MADE

Alicante and Elche are perfectly prepared to host the WVC 2016. The event will be staged in one of the most dynamic areas with the most favourable business and economic outlook on the Mediterranean Coast.

Primarily geared towards tourism and services, these two cities breathe state-of-the-art modernity while offering excellent connections to every corner of the globe.

The importance of tourism is reflected in the high percentage of passengers arriving on international flights, some 80% of the total influx. Visitors from the United Kingdom, Germany and the Netherlands are regular guests to our shores.

The two cities are also linked to major cities in Spain through regular daily flights, a complete rail network of high velocity trains and an entire road network of motorways and highways.

In 2014, the International Airport of Alicante-Elche recorded airport traffic of almost 10 million users.

Alicante and Elche are the two most important cities on the Costa Blanca.

FOR TABLE TENNIS

When we talk about the Costa Blanca, we are talking about the Mediterranean and its culture. We are talking about the beaches and enchanting coves. On the Costa Blanca modernity and tradition come together under a climate that is ideal for playing sports and socialising on the streets.

Under the intense light of the Costa Blanca, a rich artistic and cultural heritage has been preserved, to commemorate the great number of civilizations who have left their mark on these lands. This entire heritage can still be seen in its popular festivals, its rich Mediterranean gastronomy, its art, its cutting-edge modernity and a myriad of possibilities which cannot fail to inspire you.

300 DAYS OF SUN A YEAR

What sets the the Costa Blanca apart is its special climate, as its inhabitants enjoy more than 300 days of sun a year and a yearly average temperature of 18 degrees.

In May, when the competition will take place, the average temperatures of 20 - 22 degrees Celsius will be very pleasant, rising to 25 - 28 degrees at midday.

There is little or no rainfall with bright sunshine a constant companion to the days in May.

IFA - Alicante	IFA - Elche	IFA - Airport
10 km	16 km	1 km
 0h10	 0h15	 0h03

THE FINEST AND MOST MODERN FACILITIES

Located between Alicante and Elche the Institución Ferial Alicantina IFA (Alicante Exhibition Institute) is one of Spain's major exhibition centres, where thousands of visitors from cutting edge sectors, such as the shoe, automotive, food, home furnishings and leisure industries, converge each year.

In addition to staging fairs and exhibitions, the IFA has developed into a multi-purpose space, hosting a wide range of events thanks to the following features:

- 30.000 square metres of multiuse space divided between the two pavilions.
- Enough room to fit 230 Table Tennis tables for the WVC 2016.
- Extensive parking for 5000 cars.
- Restaurant service.
- Modern and functional facilities
- Ideal location: 5 minutes from the International Airport, 10 minutes from Alicante and 15 minutes from Elche.

The WVC 2016 facilities are a stone's-throw from everything - communication networks, beaches, shopping areas, monuments and leisure... the best place for the finest sport.

THE BEST CONNECTIONS

spain

39 AIRLINES WITH 101 NATIONAL AND INTERNATIONAL DESTINATIONS

The Costa Blanca is close to everything. Arriving from any part of the world is easy, and even easier still to experience a few days in this land, and fall in love with it.

The ALICANTE – ELCHE Airport stands out for its busy international traffic. Geographically it is also very well connected by train and motorways with the rest of Spain.

In the town centre of the city of Alicante, there is a modern train station at which many high speed and local commuter trains arrive.

The Alicante to Elche connection is excellent with regular buses and trains every 30 minutes.
